

# 5 ACTIONS YOU SHOULD TAKE AFTER YOU'VE BEEN REAR-ENDED OR T-BONED

1

## CALL THE POLICE

Don't overthink the accident. Always call the police immediately. Police reports are very important.

2

## CALL FAMILY & FRIENDS

You want your loved ones who live close to the scene of the accident to come and help you with documentation and more.

3

## CHECK FOR INJURIES

If there is a good level of pain, you'll want to seek medical attention at a hospital or urgent care facility immediately.

4

## DO NOT ADMIT FAULT

This is critical to remember. This includes saying, "I'm sorry," and "I didn't see you there." Anything you say can be misinterpreted.

5

## DOCUMENT EVERYTHING

It's your responsibility as the driver to lead the collection of photos, eyewitness testimonies, medical bills, and other evidence.
